

# Marigold Room

Pine antique furnishings and a large oriental carpet grace this elegant suite. The Room takes its name from Mary McCaskey, who lived as mistress of the estate for 32 years, and from the gold color palette in the original fireplace tiles in the room. The sumptuous Queen four-poster bed, charming bathroom, and period antique furnishings make this room a guest favorite. Views from The Marigold offer glimpses of the formal flower, herb, fruit, and vegetable gardens, the pool area and the hills beyond.
