

McCaskey Room

This lovely, elegantly furnished room, takes its name from the original owners of the orchard mansion. The room has an antique burl and hand-tooled King bed. The bedroom, and the private bathroom, offer breathtaking and commanding views of the front pasture and the entire Rogue Valley, with the peaks of Mt. McLaughlin and Roxy Ann in the distance. The masculine décor of the room makes it elegantly fit for any turn-of-the century land baron. The Jacuzzi tub in this room is currently functioning solely as a tub/shower, not a jetted unit.
